Ottawa, March 28, 1957.

Mr. Norman Wallace,  
R.R. 2,  
Minden, Ont.

Dear Norman,-

I received your letter and contents noted. I had started working on this mail business and the quarter mile regulations but did not know the names of the people who wanted boxes between the quarter and half mile. However, you pretty well set them out in your letter, and I will take it up again with the Post Office Department. I feel sure that we can have these people receive the mail.

However, the Post Office Department, in cases of rural routes, goes quite a bit by what the Postmaster at the location tells them on his report. I will probably carry your letter over to the Deputy Minister and take your problem up with him or the Director of Transportation.

Yours sincerely.

CW Hodgson
